

SPECIAL SOLUTIONS

BLOW AND BURN LANCES

SINCE DECADES, MAPEKO HAS BEEN DEVELOPING AND MANUFACTURING CUSTOMER-SPECIFIC OXYGEN BURNING LANCES, LIKE THE OXYGEN BLOWING LANCES.

The lances are usually used for the heating and cleaning of RH vessels. Lances with or without water cooling can be supplied.

Durability and reliability are the key features of our products.

Further MAPEKO Products

Special solutions

SCRAP DRYER

MAPEKO scrap dryers have proven themselves particularly useful in cold and damp conditions. They minimize the risk of hydrogen explosions and significantly reduce the tap-to-tap times.
